Scholastic and the IPC

Scholastic Education publishes resources ideally suited to the International Primary Curriculum (IPC).

IPC is designed for students ages 3 to 12 and is divided into four modules:

Early years Milepost 1 Milepost 2 Milepost 3

The table below matches Scholastic series and book titles to these four modules, along with specified age categories. We have also provided links to appropriate IPC programme themes. Finally, we have provided specific page numbers to the Scholastic International Catalogue (2011/12) for schools looking for further information about a book or series, along with links to our Scholastic shop for schools who wish to purchase these resources.
