

# Rapping with the dinosaurs

Rapping in the lost world  
Rapping to a beat  
Rapping with the dinosaurs  
Rapping with your feet.

Rapping with the brontosaurus  
Rapping round the lakes  
Rapping with the stegosaurus  
Rap for rapping's sake.

Rapping with iguanodons  
And pre-historic birds  
Rapping with triceratops  
Make your rapping heard!

# Recipe for a Fairytale

Take,  
One wicked stepmother  
One good fairy  
Three magic beans  
And a giant who's scary.

A large bunch of spells  
A potion or two  
Mix them together  
In a fairytale brew.

One little girl  
In a bright red coat  
One ugly troll  
And a scared little goat.

Put them together  
Stir them in a plot  
Bake them in a book  
And what have you got?

A goodnight story  
A book to read  
More goodies and baddies  
Than you'll ever need.
